Statement by Professor Trevor Munroe regarding Defamatory Social Media Post

A vicious and defamatory post made on social media has been brought to my attention. The allegation therein is completely false and without any factual foundation whatsoever. Appropriately, the Jamaica Public Service Company has issued an absolute repudiation of this falsehood.

“JPS categorically disassociates itself from false and defamatory statements being circulated regarding Professor Trevor Munroe and JPS. These statements are not based on fact. There is absolutely no evidence to suggest any impropriety on the part of Professor Munroe regarding his electricity account.”

The author(s) of this post shall be sorely disappointed if they believe that this and other baseless attacks shall undermine me or NIA’s credibility. Neither shall it diminish our forthright, non-partisan promotion of integrity and combat of corruption. We shall not be deterred in standing up for what is right and in calling for more effective action to bring the corrupt to justice, whatever their political affiliation or position in society.

In the meantime, I have put this matter into the hands of my attorneys for whatever action they may consider appropriate.

Prof. Trevor Munroe CD, DPhil (Oxon)
